First Responders

Chelsea from Bunnings Victor Harbor did a great job bringing 'first responders' together in the Bunnings carpark.

It gave the public an opportunity to talk with volunteers from different organisations, and it was great to hear that the Victor Harbor Sea Rescue Squadron had six membership forms completed. A CFS Member made mention that it was also an excellent morning for members to network together across organisations - not something they get to do very often. Children loved Smokey, the CFS mascot and learning about the different vehicles and boats used by emergency service personnel.

Compass Meats

The generosity of Derek, owner of Compass Meats, is on display! Derek gave back to his community by hosting a Grand Opening BBQ (Saturday, 1 October).

Derek lost everything when a fire destroyed the row of shops in Mount Compass, including Compass Meats, but after months of hard work and support from the community, he reopened 30 September just down the road! I bought dinner! And it was a hit. Congratulations, Derek and team!

Demolition of Mount Compass Shops

It is promising to see the signage up and ready for demolition to start on the row of shops burnt in Mount Compass.

Coolwa Surf Life Saving Club

During the 2021/22 season, the Coolwa Surf Life Saving Club performed an outstanding 3065 patrol hours! on 8 October the Season 2022/23 was officially opened. As one of South Australia's youngest clubs,

it's great to see such an enthusiastic group of volunteers preparing to keep the beach safe for the year ahead. Keen to get involved? They have programs for all ages, from Surf Babies to Nippers and Patrols. There's a role for everyone.

Visit the Coolwa Surf Life Saving Club website or email info@goolwaslsc.com.au to join!

Beauty & the Beast

I enjoyed South Coast Coral & Arts' (SCCAS) Victor Harbor performance of Beauty & the Beast.

An incredibly talented group of local artists. Adelaide was captivated, which is no mean feat for a two-year-old!

Thank you for inviting me to attend.

Gala Dinner

Peninsula Providore is a locally owned Olive Grove about 15min from Mount Compass on the Ashbourne Road.

The Gala Dinner was something special, Callum Hann from Sprout paired beautiful food highlighting how different olive oils can bring a dish to life. It was edgy, unique and yum!

The Fleurieu Sun Official Opening

The Fleurieu Sun team hit the ground running and haven't looked back!

The community have embraced the new paper and it was great to celebrate with them at the "Official Opening".

Coolwa Beach Speed Limit

The process of declaring the reduced speed limit on Coolwa Beach has been a complex one. During my time on the Natural Resources Committee, we had an enquiry into the use of 4WD vehicles on beaches across the state. The report highlighted that beaches with no marked speed limit default, in unbuilt-up areas to 100km per hour and that the 40km per hour sign on the road to access the beach only applied to the access road, not the beach.

I am pleased that the Alexandrina Council, in learning this, have approached the State Government to have it Gazetted as a 40km per hour speed limit on the beach. The Alexandrina Council are now required to signpost the speed limit along the entirety of the beach and maintain the signage so the speed limit can be enforced.

Japanese Encephalitis Virus (JEV)

Japanese encephalitis virus (JEV) is spread to humans through mosquito bites. Most people who have JEV do not experience any symptoms or illness, but it can cause a rare and potentially life-threatening infection of the brain. People who spend time in areas along the River Murray where JEV has been detected are most at risk of catching JEV.

There are simple steps that we can all take to protect yourself and your family against mosquito bites and mosquito-borne diseases:

- Wear long, loose-fitting clothing.
- Use insect repellent.
- Eliminate the water the mosquitoes can breed in.

To check if you're eligible to receive the free JEV vaccine, visit www.sahealth.sa.gov.au/JEVvaccine

Yankalilla Show

Big day at the Yankalilla Show! The weather was beautiful and the crowds large.

Congratulations to the Yankalilla Show Committee! The day was a huge success!

Ocean Street Opening

The City of Victor Harbor, with the support from the Marshall Liberal Government, has seen a transformation of the southern end of Ocean Street. The State Government committed \$3.34 million to the project.

I thank the construction company Outside Ideas for working hard to complete the project. The traders have been incredibly gracious during this time, and they should be commended for their patience and will happily welcome you back!

Live local. Vote local.

— 2022 COUNCIL ELECTIONS —

I am writing to appeal to you to vote in this 'non-compulsory' election. I acknowledge all the residents that have committed to stand for election and commend them all for doing so. We owe it to all candidates to give them consideration.

The Local Government Act 1999 requires council elections to be conducted by full postal ballot every 4 years in November. 67 South Australian local Councils are presenting candidates for you to vote in Mayor, area representative and/or ward representative.

If you are correctly enrolled for state elections in South Australia, you are automatically included on the council voters' roll and will have received ballot papers through the post. https://ecsa.sa.gov.au/voting/voting-in-council-elections#Reissue_BP_LG

If you own or occupy property in the council or are the designated person of a body corporate or group which occupies or owns property in the council area, you may have been eligible to vote but this list has closed.

<https://ecsa.sa.gov.au/enrolment/council-voters-roll>

It is important to learn about the candidates for your upcoming council election, after all they are representing your interests and will have an impact on the future of your neighbourhood and wider council area. I encourage you to explore the candidature of your local council.

<https://www.councilelections.sa.gov.au>

The best way to make sure your local council knows what is important to you, is to vote in the 2022 Council Elections.

Local Government is an important part of our political structure, playing a part in everyone's day to day life. It is my view we should have local and caring people to represent community. Without candidates making this commitment, our regions would be worse off. Good luck to all those standing, and I look forward to working with those elected.

Close of voting is (polling day) 5pm, Thursday 10th November 2022 with scrutiny and count on Saturday 12th November 2022, after which results will be known.
